INDIAN DEPREDACTIONS IN UTAH.

MEMORIAL

OF THE

LEGISLATIVE ASSEMBLY OF UTAH TERRITORY,

PRAYING

*For an appropriation to pay for Indian depredations and expenses incurred  
in suppressing Indian hostilities.*

---

MARCH 22, 1869.—Referred to the Committee on Military Affairs and ordered to be  
printed with the accompanying papers.

---

*The honorable the Senate and House of Representatives of the United States  
in Congress assembled:*

GENTLEMEN: Your memorialists, the governor and legislative assembly of the Territory of Utah, would most respectfully represent to your honorable body, that for the last three years we have had a vexatious Indian war on our hands, the seat of which has been in Sevier, Piute, and Sanpete counties, extending more or less to the counties of Wasatch, Utah, Millard, Beaver, Iron, Washington, and Kane, rendering a strong military force constantly necessary in the field. Colonel Irish, former superintendent of Indian affairs, called on General Conner to protect the settlements of this Territory from Indian depredations. The general replied that if those depredations were committed upon any settlements along the overland mail line he would protect them. If on settlements remote from said line he could not do it.

Colonel Head, present superintendent of Indian affairs, called on Colonel Potter to protect the settlements of this Territory where Indian hostilities existed. Colonel Potter sent east for instructions in the case, and received answer from General Sherman that we must rely on the militia of the Territory. During this war Sevier and Piute counties were abandoned by six extensive and flourishing settlements, it being considered impracticable to defend them there; their removal was effected at the loss of nearly all they had, their stock and teams being mostly stolen and driven away by the Indians, and they were removed by the citizens of Sanpete county. Likewise four settlements on the borders of Sanpete county were broken up and removed at much expense and loss. Also fifteen settlements in Iron, Kane, and Washington counties, besides two or three small settlements in Wasatch county.

In this war we have furnished our own soldiers, arms, ammunition, transportation, cavalry horses, and supplies for the years 1865-'6 and '7. We have borne a heavy burden, and we ask for compensation and aid.

as most of our citizens at and near the seat of this war have become greatly reduced and impoverished thereby; and likewise the other settlements that have had to remove are more or less so.

We therefore ask your honorable body to appropriate one million five hundred thousand dollars to compensate the citizens for their services, transportation, and supplies, in suppressing Indian hostilities in the Territory of Utah during the years before named, or so much thereof as will cover these expenses, as per vouchers and testimonies now in the adjutant general's office, which will accompany this our memorial, or follow it at an early day. And your memorialists, as in duty bound, will ever pray.

GEORGE A. SMITH,  
*President of the Council.*

JOHN TAYLOR,  
*Speaker of the House of Representatives.*

Approved February 21, 1868.

CHARLES DURKEE,  
*Governor of Utah.*

April 10, 1865, the Indians killed Peter Ludwecksen near Manti, Barney Ward and Mr. Lambson near Salina, and drove off a large herd of cattle and horses. \* In consequence of these outrages, this detachment was mustered into service by Brigadier General Warren S. Snow, and on the evening of the 10th started in pursuit. Traveled forty miles to Salina, there discovered that the Indians had gone up this almost impassable cañon; they followed on, and when about eight miles up the Indians opened a deadly fire on them from behind the rocks. Two men were instantly killed, and one seriously wounded. In consequence of the superior numbers and strong position of the enemy the company retired. Re-enforcements came up, and they again pursued them. After several days' march came up with and gave them battle, killing and wounding several Indians. The stock had been driven ahead and could not be recovered. The detachment returned to Manti, and was mustered out on the 29th day of April, having performed twenty days' hard service.

I certify that the above account is correct.

May 26, 1865, John Given, wife, and four children were killed by Indians, in Thistle Valley, the same day Mr. Nielson, near North Bend, was killed; and also, on the 29th, David M. Jones, near the same settlement. Said Indians stole a large band of horses and some cattle. This company was mustered into service at Manti, June 1, and started on that day in pursuit of the Indians, and followed them to Thistle Valley, and by the head of Spanish Fork to Green River Ford; the Indians, having two days' start, could not be overtaken; the company fell back into the mountains and continued scouting and watching the mountain passes, which kept the Indians from committing further depredations in this vicinity. On June 30 this company was mustered out of service at Manti, having performed thirty days' active service.

\* Killed in battle at Thistle Valley.

This company was mustered into service at Salt Lake City, May 1, 1866, by order of Lieutenant General Daniel H. Wells, and on that day started for Sanpete County; arrived at Maunio May 5, 1866, and was assigned to duty by Brigadier General Warren S. Snow, at Circleville, Sevier County. They were in active service at this place fifteen days; then moved to Thistle Valley. Here they had a battle with the Indians: one man killed and several wounded; some Indians killed and wounded. The company was again sent to the Sevier Valley, and made two expeditions to Fish Lake, Castle Valley, and Green River. They were continually traveling, every day, until relieved, when they returned to Salt Lake City and were mustered out August 30, 1866.

I certify that the above account is correct.

\* Wounded May 22, 1867. † Killed by Indians.

This company was mustered into service at Salt Lake City April 22, 1867, by order of Lieutenant General Daniel H. Wells, and assigned to duty by him in Sanpete and Sevier counties. They started from Salt Lake City on the 22d, and marched 200 miles to Fort Gunnison, where they arrived on the 26th. Brigadier General W. B. Pace, then in command of the district, assigned them to duty in the Sevier valley, to protect and assist the inhabitants of Richfield, Glenwood, Alma, and Selina to move away themselves and stock, as said settlements had to be abandoned in consequence of the continued depredations of the Indians. This company was in active service every day until mustered out at Salt Lake City, August 6, 1867. I certify that the above account is correct.
